TECHNICAL SKILLS

- Next Js
- React Js
- JavaScript
- Typescript
- HTML 5
- Sanity.IO
- Tailwind CSS
- Bootstrap
- Shadcn/UI

PROFESSIONAL SKILLS

- Good Communication skills
- Self-Motivated
- Time Management
- Work with team

QUALIFICATIONS

Undergraduate

LEADERSHIP ACTIVITIES

- Member of Goggle Developer group.

EXPERIENCE

Code Soft Company | Alpharetta Georgia, United States
Oct – Dec 2023
As a front-end developer at Code Soft during my virtual internship, I focused on:
- Front-End Technologies.
- Responsive Web Design
- Well Commented Code

Participating in a virtual internship, I delved into diverse projects, mastering remote collaboration, problem-solving, and adapting to dynamic work environments, fostering invaluable skills for future endeavours.

Project Experience

Tic Tac Toe:

I created a Tic Tac Toe game using React.js, leveraging its component-based architecture for reusable and maintainable code. The game's state, including player turns and board status, is managed using state management and hooks like useState and useEffect. Data is efficiently passed between components using props, and user interactions are handled with event handling mechanisms.

The game logic checks for winning conditions and detects draws, while conditional rendering updates the UI based on the game state. The UI is built with JSX syntax and styled using CSS styling techniques to ensure a visually appealing and responsive design

Investment calculator:

I developed an investment calculator using React.js, taking advantage of its component-based architecture to create a modular and maintainable application. The calculator features state management with hooks like useState and useEffect to handle user inputs and calculate investment returns dynamically.

Professional Certifications

Web 3.0 MAY 2023 – Present
Complete web development boot-camp taught by Angela yu.Top leading instructor of udemy.
Advance Web Development MAY–AUG 2023
React developer taught by Maximillian top react instructor at udemy.

ACHIEVEMENTS & AWARDS

1. Won a computer competition medal in college
2. Got first position in debating competition at school.
